

GEN 4 TSA Lock

T3 TSA Lock

Your new resettable combination padlock is preset to open at 0-0-0. (Even though the dials may be positioned at other numbers.)

- Step 1**
Turn the dials and align the numbers to 0-0-0 so they are clearly visible inside the "windows".
- Step 2**
Press button "B" to reset and you will hear a "click" sound.
- Step 3**
Turn the dials to your desired numbers.
- Step 4**
Press button "A" and button "B" will pop up to its original position. Your new combination is now ready to use.

Set Your Own Combination

Your new TSA accepted combination padlock is preset to open at 0-0-0 (even though the dials may be positioned at other numbers). You can change and reset your combination as often as you like. To set your lock, follow these steps:

- Step 1**
Push button (1) and hold down.
- Step 2**
While holding down button (1), turn the dials (2) to the desired combination.
- Step 3**
Release button (1) to set the lock combination.
- Step 4**
Open the lock by dialing the set combination and pressing down on button (1).

Keep your combination in a safe and accessible place for future reference.
